

Tasman

TF-BQ-TAS

Clean-lined timber sled-leg banquette for modern spaces

DESCRIPTION

The Tasman is defined by its clean, minimalist lines and warm timber accents. A sleek upholstered body rests on solid American Oak sled legs, giving it a lighter visual footprint than plinth-based alternatives. The smooth, un-tufted upholstery and gently angled backrest create a contemporary, versatile aesthetic that works across cafés, modern offices, and bright, airy restaurants. Open space underneath allows easy cleaning — a practical advantage in high-traffic commercial environments.

KEY FEATURES

- Solid American Oak sled-style legs
- Smooth, un-tufted upholstery for a clean silhouette
- Gently angled backrest for ergonomic comfort
- Open underside for easy floor cleaning
- Lightweight visual profile, ideal for smaller spaces

Detail / Construction

In-Situ Application

DIMENSIONS

Standard Module Length	1200 mm
Overall Depth	620 mm
Overall Height	820 mm
Seat Height	460 mm
Seat Depth	460 mm
Custom Length Range	1000 – 2000 mm per module

MATERIALS & CONSTRUCTION

Legs	Solid American Oak (50 x 40 mm profile)
Frame	Hardwood and plywood internal frame
